---

PROFESSIONAL EXPERIENCE

Analogueshifts   **Oct 2023 - Present**
Frontend Developer
Developed and maintained dynamic, user-friendly web applications by translating design mockups into high-quality, responsive interfaces. Collaborated with cross-functional teams to ensure efficient delivery and optimal user experience. Currently expanding skillset to include React Native for creating seamless mobile applications.

Hostshifts   **Jan 2024 - Present**
Frontend Developer
Joined HostShifts, a secure and scalable hosting platform, as a Frontend Developer in January 2024. Developed responsive user interfaces, enhancing platform usability and ensuring seamless user experiences, while collaborating with backend teams to implement secure, scalable solutions.

FowgateLLC   **June 2023 - Aug 2023**
Frontend Developer
I contributed to building responsive web applications and refining user interfaces. Collaborated with the design team to implement visually appealing and functional UI components.
